Hunter Valley wine-tasting

Relax, get away from the city, and enjoy some fabulous wine and food in Australia's oldest wine-growing region. Just 2 hours north of Sydney, the Hunter Valley combines world-renowned wines with gourmet local produce and stunning countryside - all the makings for a fabulous, relaxing day.

With over 90 Cellar Doors in the Hunter to choose from, our flexible itinerary is custom-made each day to suit the interests and preferences of our small group of travellers - a maximum of just 14 people. Travel in luxury Mercedes vehicles customised to spoil, with onboard TV/DVD, fridge for purchases, reclining seats and extra legroom.

We focus on the boutique wineries, where regional variations are even more prominent and the passion of the wine-makers is obvious. A *behind-the-scenes* tour at a boutique winery also brings the wine-making process to life.

At lunch, enjoy a gourmet two course meal with a glass of Hunter wine. A fabulous day out of Sydney enjoying fine Australian produce!
